TOWN COUNCIL IN SESSION

MATTER OF MORE HOSE FOR FIRE ENGINE CO. CONSIDERED.

One Light Bid and Contracting Postponed—Grade Markers Discussed with Engineer Pratt.

The regular Town Council meeting was held on Tuesday evening, with all members present.

A letter was read from the Fire Co. asking for the purchase of 500 feet of hose for the use of the company. A representative of the Fabric Hose Co. was in council, with Chief Wisotzkey, and explained to council the different prices and merits of certain grades of hose. The price of hose had advanced considerably since the purchase of two years ago—hose that cost 50 cts. then had advanced to 95 cts. Councilman Butt moved that a committee of two be appointed to buy 500 feet of hose and six coats. Councilmen Butt and Trostle were appointed on committee.

The next matter to come up was the new light contract. The Light Committee had asked for bids and but one had been received, that of the Keystone Light Co. of this place. Councilman Butt moved that the time for receiving bids be extended to February 26. One of the attorneys of the company objected to the extension of time and gave reasons for same. He pointed out the fact that as bids were asked they were here as competitive bidders, and could furnish any light the council might desire, were ready to comply with every condition and were entitled to the contract, having entered their bid. Councilman Beck was not in favor of any extension of time. Councilmen Butt, Kitzmiller, Trostle and Wierman, spoke on the matter and the motion as presented was carried. T. P. Turner and C. Taylor Leland, representing the Keystone Co., spoke further on the contract. Mr. Leland referring to the solvency of his company, and as able to fulfill all business conditions required.

A communication was received, and after reading was placed in the hands of the Ordinance Committee. It was as follows:

"We the undersigned clothiers and merchant tailors of the Borough of Gettysburg, respectfully request you at once to pass an ordinance providing for the payment of license fees by transit retailers of clothing and other merchandise in the Borough of Gettysburg, in accordance with the provisions of the Act of Assembly approved May 10, 1893. In the absence of such an ordinance we respectfully request that you enforce the provisions of said Act of Assembly by collecting the minimum rate of \$25.00 per month, said rate to be increased in the ordinance as soon as it can take effect. We respectfully insist that such an ordinance is necessary to protect merchants who are established, and pay taxes in this borough."

It was signed as follows: Gettysburg Dept. Store, O. H. Lestz, Skelly & Warner, Seligman & Brehm, G. E. Spangler, D. J. Relfe Co., M. K. Eckert, L. E. Kirshin, J. D. Lippy, C. B. Kitzmiller, Max Davis & Co., U. Ambrogli.

On motion of Councilman Butt, seconded by Councilman Tawney, Geo. E. Stock was elected to serve the usual term as a member of the Board of Health. Motion carried.

Mason D. Pratt appeared before council and explained the recent giving of grades and placing of markers. The whole matter was taken up by Mr. Pratt and the entire council. Councilman Kitzmiller taking a leading part in the discussion of the nature of the markers.

An ordinance was presented to the council for the opening of the alley on the south side of East Middle street, and was adopted.

Mr. Gilbert of the Sewer Committee reported on the construction of sewer in East Middle street extended, saying the property owners had consented to allow construction of the sewer through their lands to empty into run east of Confederate Ave. Councilman Hamilton moved, seconded by Councilman Tawney, that the Sewer Committee be instructed to lay sewer after securing right of way.

Councilman Kitzmiller moved that the agreement between the Gettysburg and Petersburg Turnpike Co. and the Borough Council in reference to certain grades and pavement lines on Buford Ave. be properly signed and put on record. Motion passed.

It was decided that the sale of borough bonds be placed in the hands of the Finance Committee.

Attorney Wible reported that the Railway Commission advises him that bill is now pending in the Legislature to cover suitable guarding of crossings by railroads. Councilman Kitzmiller moved that steps be taken to have other boroughs become interested in having bill passed; the local council to communicate with those of other boroughs to that end. Motion was passed.

Councilman Kitzmiller asked about license for shooting gallery maintained on West Middle street.

The Burgess reported collections for the month \$12 and the Treasurer reported a balance of \$401.98 in the general fund and \$70.18 in the special fund.

Reading R. R. After W. M. R. R.

The explanation of the strength of the stocks and bonds in financial circles is said to be due to the reorganization of the company, a plan for which has practically been agreed upon. There is a growing belief that a deal with the Philadelphia and Reading is probable. The latter has always wanted an entrance into Baltimore and this would be accomplished if it obtained control of the W. M. R. R. The Reading is controlled by B. and O. and N. Y. Central, in both of which E. H. Harriman is a dominant factor and it is believed that Harriman is the real power in the reorganization of the Gould properties of which the W. M. R. R. is one.

Negotiations have been going on as to Washington and Franklin railway from Shippensburg to Hagerstown which was leased to W. M. R. for 995 years with the proviso that in case of a foreclosure sale of W. M. R. this lease should lapse and the foreclosure of the W. M. R. and reorganization it is said awaits the determination of this lease so as to save that connecting link.

Receiver B. F. Bush of the W. M. R. R. Co. has been authorized by Court to contract for 900 freight cars for delivery in the late spring or early summer. The cars will be modern in every respect. They will have steel underframes and will be of 80,000 lbs. capacity, 300 will be box and 600 will be gondolas. The contract has been given to the Standard Steel Car Co. and cars will cost between \$800,000 and \$900,000. This purchase with the one last year of 13 engines and 500 steel hopper cars will put the Western Maryland in excellent condition. The business of road is increasing and additional equipment was much needed.

Every Woman Will Be Interested.

If you have pains in the back, urinary, bladder or kidney trouble, and want a certain, pleasant herb cure for woman's ills, try Mother Gray's Australian Leaf. It is a safe and never-failing regulator. At Druggists or by mail 50 cts. Sample package FREE. Address, The Mother Gray Co., LeRoy, N. Y.

Sale of Real Estate.

Harry C. Sanders has sold his property, corner of Baltimore and Middle streets to E. P. Wisotzkey for \$5625. The latter will convert the building into a store room for his grocery business.

George Stallsmith has bought from the Winebrenner Company of Hanover the old cannery factory on Stratton street and has begun to tear down the old buildings, removing what has been feared would be a fire trap sometime. He will erect dwellings on the property.

C. A. Stoner has bought a tract of cedar from Scott farm in Cumberland township along Ridge road and expects to cut 5000 cedar posts for a sale to be advertised later.

Wm. H. Johns has purchased from Geo. D. Horn and James M. Caldwell a lot of ground on West High and West streets and has started the erection of six frame dwelling houses on the West street front.

Dennis Twomey has sold his property on York street to Amos J. Collins.

COUNTY SCHOOL DIRECTORS

HELD EIGHTEENTH ANNUAL CONVENTION THIS WEEK.

Dr. Jacob A. Clutz Makes Address of Welcome—Interesting Sessions—Good Addresses.

The 18th Annual Convention of the Adams County School Directors convened in the court house on Monday, Feb. 8th, 1909. The officers of the convention were Pres. H. L. Weidner, Ardenstville; Vice Pres. P. A. T. Bower, Butler; and H. F. Stambaugh, Berwick; Sec. Henry Butler, Conowago; Treas. J. Elmer Mammel, Gettysburg.

The convention was called at 10.30 and the part of the morning session was taken up in the enrollment. By Monday evening directors were present. The following directors were members of the various committees: Resolutions—Rev. Stanley Billheimer, York Springs; James L. Hildebrand, East Berlin; Rev. Joseph H. Peters, Bendersville.

Memorial—Rev. John A. McDermad Menallen; Edward K. Heikes, Huntingtown; Reuben D. Schwartz, Mountjoy.

Legislative—John J. Reinhold, Fairfield; Edw. M. Bender, Gettysburg; William O. Wickey, Littlestown.

Rev. W. W. Hartman of the Methodist Church conducted the devotional exercises with music, "Onward Christian Soldiers," and "Joy to the World."

The address of welcome was by Dr. J. A. Clutz of Gettysburg, who, after giving the directors a cordial greeting to this convention and to the great work before them, said: The custom of the address of welcome in conventions like these existed before hospitals were a dead art. Now these things are not necessary in these modern times. He pointed out to the body of directors what the convention ought to be. The office of school director is the most important and responsible in any community. You are the choice of your community. You are the most progressive men in your community.

Some think any one can teach school. You may think teachers have nothing to do but teach the children. They teach children good morals, they develop in them character for higher attainment. Teachers are in the school room to teach these important things. Teachers have sometimes more influence over the children than the parents. They mould the character of the boys and girls. Children love the influence of a good teacher. In many cases the word is law when it comes from a good teacher. You awaken the teacher and the teacher the children to their great possibilities. Personal appearances have a great deal to do with the work of the teacher. You must take many things into consideration in the selecting of your teachers. The selection of the text books requires much intelligence. You select them unobviously and wisely. Beware of the oily tongued agent who seeks to put his books into a district by offering money for votes. You must have the influence of the parent in the school discipline. School discipline is a great factor in the work of the schools. You represent the greatest work in the State. The school is next to the church. The support of the public schools is the great factor in the work of a nation. The great questions among the masses and classes, between capital and labor will be as to how our children are taught in the public schools. So directors you need to use great judgment in the work you have to do in the discharge of your duties. You deserve great success in this convention now before you.

Music, "America," by convention. H. D. Bream of Cumberland gave a brief report of the State Convention held at Harrisburg. H. F. Stambaugh of Berwick was a delegate and spoke briefly in reference to the convention. The convention was well attended by directors from all over the State. Addresses were made by the great educators and quite a good many papers read on the various questions concerning education. The new code was the bone of contention before the convention and was ably supported by Dr. Schaeffer, State Superintendent of Public Instruction, Dr. Brumbaugh of Phila. and Dr. Phillips of West Chester. A great many suggestions were made in reference to the efficiency of the public schools. Directors need to be careful in the selection of their teachers. That is the great point of the success in the schools.

Prof. Roth spoke for a few minutes on "Better Supervision for the Rural Schools." That was the theme of discussion at the Superintendents' Convention held in Harrisburg last week.

Lack of space compels the holding over until next week an account of the session of convention on Monday and yesterday.

EDITORIALLY SPEAKING—

LINCOLN'S ADDRESS.

Four score and seven years ago our fathers brought forth on this continent, a new nation, conceived in Liberty, and dedicated to the proposition that all men are created equal.

Now we are engaged in a great civil war, testing whether that nation, or any nation so conceived and so dedicated, can long endure. We are met on a great battlefield of that war. We have come to dedicate a portion of that field, as a final resting place for those who here gave their lives that that nation might live. It is altogether fitting and proper that we should do this.

But, in a larger sense, we can not dedicate—we can not consecrate—we can not hallow this ground. The brave men, living and dead, who struggled here have consecrated it, far above our poor power to add or detract. The world will little note, nor long remember what we say here, but it can never forget what they did here. It is for us the living, rather, to be dedicated here to the unfinished work which they who fought here have thus far so nobly advanced. It is rather for us to be here dedicated to the great task remaining before us—that from these honored dead we take increased devotion to that cause for which they gave the last full measure of devotion—that we here highly resolve that these dead shall not have died in vain—that this nation under God, shall have a new birth of freedom—and that government of the people, by the people, for the people, shall not perish from the earth.

BIG CATALOGUES.

Very few of our citizens have any idea of the enormous quantity of big, cheap catalogues, that reach every post office in the county addressed to residents. There are many mail bags in the course of the years whose contents are largely big catalogues, cheap looking affairs and are printed on the cheapest of paper, and designed to catch those to whom cheapness might appeal. Cheapness has never been a guarantee for quality or worth, and the cheap things are usually exactly as represented, cheap instead of worth while. What motive could induce a citizen to make use of such a catalogue is hard to understand. If a farmer has anything to sell he goes to his own home people, the warehouseman or produce man, or store at which he deals, and every year of his life is under obligations to his neighbor and community for a market in which to sell what he raises. A laborer is dependent upon his neighbor and community for the sale of his labor, and certainly would not send his money away, giving support where he gets none. The dependent attitude of every professional and business man to his neighbors and community is an increasing quantity with the growth of the service given, and he certainly would not take from those who give to him. If any citizen has accumulated means, he or she need only travel backward to an ancestor to find one dependent upon the community which he served for the means that was acquired. The citizens with money owe it to the home community more than others to spend the money where it was made at home. In the face of these facts how can any citizen deliberately order an article out of a big cheap catalogue from a house hundreds of miles away. How is it possible for any citizen who does send an order to escape the consciousness of the truth that he who withdraws his support from his own community, is entitled to have support withdrawn from him or herself. Isn't that the inevitable punishment, stop helping to support those about you and they stop helping to support you, and this punishment will come home in more ways than dollars. Love your neighbor means supporting your own community, it's stores and people, and any community in which that becomes the rule will forge ahead. You get exactly what you give and this absolutely applies to supporting your own community. Never order catalogues, and turn them as soon and as fast as received.

SPRING ELECTION.

Before another issue the Spring election on Feb. 16 will have taken place. In boroughs, burgess, town council, school directors, tax collectors are to be chosen and in townships school directors, supervisors, tax collectors and in both election officers.

Catarrh

Is a constitutional disease originating in impure blood and requiring constitutional treatment acting through and purifying the blood for its radical and permanent cure. The greatest constitutional remedy is

Hood's Sarsaparilla

In usual liquid form or in chocolate tablets known as **Sarsatabs**, 100 doses. Nasal and other local forms of catarrh are relieved by Catarrhlets, which allay inflammation and deodorize discharge.

The Democratic party has presented candidates in the various districts that should command support without regard to party. Under the new system of nominating by primaries the Democrats are showing more interest in home government than their political opponents and deserve support for this reason. There is a contest being waged in this country between a government of the people by the people and for the people on one side and political centralization on the other. As people neglect the home government, the spring election and become indifferent to the home community, by so much they help the cause of political centralization and its encroachments. The duty of every citizen is to vote at the Spring election.

WHAT ARE YOU GOING TO DO

TO GET READY FOR THE

50th ANNIVERSARY?

Every one who can should hear the address of Hon. James T. McCleary on next Friday, the anniversary of Lincoln's birthday, and if it is impossible to hear him, every citizen of this town and county and every one interested in Gettysburg should read what Mr. McCleary will have to say. He will unquestionably touch upon things pertaining to the future of Gettysburg that will be a stimulus to every one who lives here, or has ever lived here or visited here to hear expressed. His Lincoln Way to Gettysburg after studying the memorials of the old world is an ideal, that will have a great influence for good for this community in the future. It should be the aim of every one interested in Gettysburg to absorb the ideal and thinking of and living toward that ideal help to make it real. This will help to get ready for the 50th anniversary of the battle.

"ABRAHAM LINCOLN as President" is the title of the Lincoln article on the 3rd page of this issue. The closeness of Lincoln to the people and how he represented those people is a message for Lincoln Anniversary week that can be profitably dwelt upon.

The series of clever articles on advertising has been crowded from our columns until after the spring sale period when they will be continued.

FIVE sisters had a reunion at East Berlin last week. Mrs. Glasgow of Ohio, Mrs. Smith of Clear Springs, Mrs. Feiser of New Oxford, Mrs. M. M. Bowser and Mrs. C. C. Brown of East Berlin. Their father John Albert was with them.

DON'T WAIT.

Take Advantage of a Gettysburg Citizen's Experience Before It's Too Late.

When the back begins to ache, Don't wait until backache becomes chronic; Till serious kidney troubles develop; Till urinary troubles destroy night's rest.

Profit by a Gettysburg citizen's experience. Miss K. Crouse, 130 West St., Gettysburg, Pa., says: "I suffered from kidney disease for years and was unable to find anything that would give me even temporary relief. I endured a great deal of misery from pains in the small of my back and I was also greatly troubled with headaches and dizzy spells. My kidneys gave me much trouble and the complaint was growing worse daily. When a friend advised me to try Doan's Kidney Pills I procured a box at the People's Drug Store and they proved to be just what I required. They went at once to the seat of the trouble and gave me immediate relief. I am now in better health than before in years and it is all due to the curative powers of Doan's Kidney Pills.

High School Athletic Contests.

The Gettysburg High School has received an invitation to participate in the third annual Pennsylvania High Schools Track and Field meet in Harrisburg, May 15th.

These meets are the biggest athletic games held annually in the state exclusively for high schools. It is likely the Gettysburg High School will send a team or have individual representatives at Harrisburg.

At the recent annual meeting of the Harrisburg Track Athletic Committee, which has this meet in charge annually, the pole vault was added to the program making sixteen events.

The order of events was slightly changed because of the introduction of the pole vault. It will be as follows:

100-yard dash, trials; pole vault, running high jump, 880-yard run, 220-yard dash, trials; 12-pound shot put, 120-yard low hurdle, trials; one-mile run, 100-yard dash, semi-finals; 12-pound hammer throw, 440-yard dash, 120-yard low hurdles, final; broad jump, 220-yard dash, finals; one-mile relay race, 100-yard dash, final.

It was decided not to hurry the meet, and better performances are expected to result. The games will start at 2 o'clock and continue to 5 o'clock. The same eligibility rules will obtain. Each entrant must be a strict amateur, a bona fide student in the school for six months and taking at least 18 recitations a week.

The prizes will be gold, silver and bronze medals of the standard design adopted last year. Extraordinary efforts will be made to secure additional schools for the games. Last year the schools were Wilkes-Barre, Sunbury, Pottstown, Reading, Berwick, Carlisle, Middletown, York, Altoona, Canton, Steelton, Harrisburg Technical and Harrisburg High.

ALL THE GOOD QUALITIES of Ely's Cream Balm, solid, are found in Liquid Cream Balm, which is intended for use in atomizers. That it is a wonderful remedy for Nasal Catarrh is proved by an ever-increasing mass of testimony. It does not dry out nor rasp the tender air-passages. It allays the inflammation and goes straight to the root of the disease. Obsolete old cases have yielded in a few weeks. SHAKE IT IN A BOTTLE

NOTED AUTHORITY GIVES A SIMPLE PERSCRPTION.

Tells the Readers of This Paper How to Prepare the Mixture at Home and Other Advice.

Now is the time when the doctor gets busy, and the patent medicine manufacturers reap their harvest, unless great care is taken to dress warmly and keep the feet dry. This is the advice of an old eminent authority, who says that Rheumatism and Kidney trouble weather is here, and also tells what to do in case of an attack.

Get from any good prescription pharmacy one-half ounce Fluid Extract Dandelion, one ounce Compound Kargon, three ounces Compound Syrup Sarsaparilla. Mix by shaking in a bottle and take a teaspoonful after meals and at bedtime.

Just try this simple home-made mixture at the first sign of Rheumatism, or if your back aches or you feel that the kidneys are not acting just right. This is said to be a splendid kidney regulator, and almost certain remedy for all forms of Rheumatism, which is caused by uric acid in the blood, which the kidneys fail to filter out. Any one can easily prepare this at home and at small cost.

Druggists in this town and vicinity, when shown the prescription, stated that they can either supply these ingredients, or, if our readers prefer, they will compound the mixture for them.

Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
